Ten years on, there's still no place like highlands
There’s no place like Highlands.
Highlands is Australia’s fastest growing community; planned with care to give you and your family everything you could dream of right at your doorstep.

This year marks Highlands’ 10th anniversary and over the past 10 years we have worked to bring our residents the highest quality parks, the best schools, the latest sporting facilities, and the convenience of shops and an array of transport options. Take pride in living in an award-winning community, with Highlands being crowned winner of the Urban Development Institute of Australia’s (UDIA) Masterplanned Community of the year in 2013. Discover why, ten years on, there’s never been a better time to become a Highlander.
Where tomorrow's sporting heroes are born.

Our future sporting stars are developed at Highland's many sporting and leisure facilities. The Highgate Recreation Reserve oval is not only the size of the MCG but is also the alternative training ground of North Melbourne Football Club and match ground for the VFL. Highlands will soon be home to a Regional Tennis Centre featuring 22 tennis courts and multi-purpose community meeting rooms plus Hockey Centre coming soon.

A place that cares about the future.

Our commitment to your future is about taking care of our environment and creating shared value for everyone and that includes you. Helping the environment is more than just being green at Highlands. Local projects including recycled water, natural grasslands, conservation areas and regeneration of local creeks and waterways are all in place, to keep your neighbourhood green all year round.
