NSW/VIC: Colour through pathways will be increased and positioned at the discretion of Tribeca Homes to the perimeter of the house. Excludes sealing.

SOLAR & STORAGE UPGRADE

Tribeca is now offering the Bradford Solar ChargePack including Tesla Powerwall, which means we now offer a customized solar-plus-battery solution that enables you to access the free, abundant power of the sun and increase energy savings. With Tesla Powerwall you can store solar energy generated during the day for use any time. During the day, the sun shines on your solar panels, charging your battery.

Tesla Powerwall's sleek, wall mounted design can be installed inside or outside the home. There is virtually no system maintenance required as the software updates are implemented via your home's Wi-Fi.

“

AT NIGHT, YOUR HOME DRAWS
ELECTRICITY FROM YOUR BATTERY,
POWERING YOUR HOME WITH CLEAN,
SUSTAINABLE ENERGY 24/7.

”

ONLY
\$21,799

Powerwall can provide a number of benefits:

- Increasing self-consumption of solar power generation – Tesla Powerwall can store surplus solar energy during daylight hours.
- Load shifting – Powerwall can charge during low rate periods when demand for electricity is lower and discharge during more expensive rate periods when electricity demand is higher.
- Back-up power – Assures power in the event of a grid outage.

***Terms and Conditions:** Solar panel location will be at the Builders discretion. System monitoring can't be finalised without a Wi-fi internet connection. CSR Bradford can facilitate the completion of the system monitoring post-handover with the client direct. No STC's are applicable to client. Battery will include ground mounted position at the builders & CSR Bradford's discretion.

OUR DIFFERENCE IS SEEN IN
THE MOST OBVIOUS PLACES,
BUT ALSO THE SMALLER ONES.

TRIBECA

TRIBECA HOME DESIGN FEATURES

A HOME THAT LETS YOU LIVE LIFE YOUR WAY

Every Tribeca home features one ensuite and one family bathroom as a minimum. Some floor plans feature an extra toilet and refreshment room for added comfort.

DESIGNED FOR LIFE

Every Tribeca home is well fitted out with connectivity, Convenience and safety measures.

EVERY TRIBECA HOME IS A HOME CREATED FOR EASY LIVING

Most of our homes have an alfresco space that blends your indoor and outdoor areas – offering flexibility and an ability to enjoy your natural surroundings.

WE BUILD HOMES THAT ARE COMFORTABLE TO MOVE AROUND IN

Combining living zones that support a busy lifestyle with the Need for rest and reflection.

TRIBECA

FOUNDED IN 2007 AS A RESIDENTIAL CONSTRUCTION
COMPANY, TRIBECA HAS BECOME A LEADING RESIDENTIAL LAND
DEVELOPMENT AND HOME BUILDING BUSINESS IN AUSTRALIA.

Still privately owned, the Tribeca team – licensed by the Building Services Authority (BSA) and the Housing Industry Association (HIA) – proudly operating from offices in Sydney, Melbourne, Gold Coast and Brisbane, has delivered over 4,500 family homes across QLD, NSW and VIC.

We have a record of continuous growth and innovation in the industry, thanks to the many decades of experience of our team. We've created an integrated land development and home building business model, meaning we're able to actively operate across each phase of the build.

It's always been important – from both a company and customer perspective – for us to be cost effective. Our efficient construction methodologies go part of the way towards making this happen, but we also know that through construction, costs need continuous monitoring.

We believe that Tribeca is redefining the art of property development. We do this by building homes and communities that are built to last. We do this by giving each residential estate its own distinct character and identity. And we do this by creating opportunities for clients that range from big businesses to small families.

We see everything we build as an opportunity to redefine the art of property development. From the moment we break ground to the day we hand over the keys, we're creating investments – and futures – that are simple, beautiful, and built to last.

FUTURES.
