BUILDER & DEVELOPER	38 - 39

STAY CONNECTED

Enhanced accessibility through major infrastructure investment will create a vibrant, well-connected hub.

Crown Hill is within walking distance of Riverstone Train Station, and minutes' drive to Tallawong Train Station near the intersection of Cudgegong and Schofields Roads. With 1,000 car parking spaces, it takes passengers to Sydney CBD within only 48 minutes.

Riverstone's urban release precinct is complimented by existing and future educational and health facilities nearby; and easily accessible transport links; M2 Hills Motorway, M7 and soon to be operational NorthConnex, providing convenient access to and from employment hubs located within the greater Sydney Metropolitan Area.
